Beneficial Effect of Legislation For the Few Rather Than the Many.

Something of Interest to Wage Earners and Farmers--The Logic of Bimetallism. Speech of W. H. Harvey, Author of "Coin's Financial School," at Greenville, O., May 16, 1896, Before the Order of Patriots of America.

MR. CHAIRMAN, LADIES AND GENTLEMEN, AND MEMBERS OF THE ORDER OF THE PATRIOTS OF AMERICA--I have come to your country to speak here today, to encourage your useful citizens who have raised the standard of an order intended to regulate the evil conduct of the nation and to free our government from the control of all selfish organizations.

When great questions have pressed themselves upon the United States, the people of Ohio have been true to the traditions of Jefferson and Lincoln. When questions affecting the liberties of the people and the existence of the republic have demanded a verdict, the people of Ohio have demonstrated their integrity on the side of humanity. Individual selfishness crystallized into laws has been the cause of the downfall of all republics. When the people of a republic, by example and training, become work-shops of mammon, all laws are made and construed for the accumulation and protection of property interests and the principles of justice are lost. It is the crucial period in the history of a republic. In the history of the world no people of a republic have ever successfully met and overthrown the spirit of selfishness. In the history of popular governments selfishness has manipulated the lawmaking power and absorbed the property of the people into the hands of the few. Then came distress and riots and the claim that the public was a failure, and then came monarchy.

Spirit of Mammonism. It is a spirit of mammonism that causes us to worship wealth and the opinion of those who possess wealth. This spirit of wealth is the best business men we have, but the loss of capacity of understanding the principles upon which a republic is founded.

The men to whom I refer wish laws that encourage unbridled selfishness. Such men are the enemies of republics. Their opinions are not the opinions that the masses of the people should follow.

We are living under laws that are making their impress upon the people in such a way that, if further permitted, will result as fatally to our republic and to human happiness as have the feudal laws of Europe and any that have overthrown the republics of the past.

We have learned, however, in this republic what the people of other republics discovered too late to save their free institutions--that selfish interests may capture not only individuals, but organizations. More than one political organization in the United States is today struggling in the coils of a selfish class.

The selfish people are looking on with mingled feelings of anxiety and humiliation. The unswerving of the weeks and days is now bringing us to the time when mankind will sit in judgment on the action of the pretended leaders of the people; when men will decide for themselves whether their political party is to carry them with selfish interests.

Chief among the laws affecting our civilization, defended by selfish interests, is our financial laws, and that brings me to the subject uppermost in the minds of the American people.

I am going to present today, in the brief space of a speech, the side of the people in this issue, now on trial in the republic. I do not hope to reach those who are seeking to promote their selfish ends, or those who are consciously or unconsciously seeking to promote their selfish interests. My appeal will be to the unselfish American people, who recognize the principle that man serves himself best by promoting the common good.

The Importance of Money. Money is the blood of commerce, the life giving fluid of civilization, the vital organism in our social existence. You can do without wheat, corn, or any other single commodity, closed among the necessities of life, but you cannot be healthy and happy, but you cannot imagine yourself a part of civilization and without money. You can do without wheat by using corn or rice for bread; you can do without meat by using pork or mutton for meat, but you cannot be a part of civilization and without money. Without money society would go back to barbarism. It is the most important factor we have in civilization and it is as indispensable to the necessity to civilization.

One of the rules that should be applied to any commodity is that there should be a normal quantity of it. There is a necessity for as much bread. There is also a necessity for a normal supply of money. If there were laws other than the laws of barter encouraging the hoarding of wheat that would be in favor of repelling those laws. If there was not enough of it raised to feed the people, you would be in favor of raising the price of it. If we have laws that encourage the hoarding of money, the greatest of necessities, and diverting it from the channels of trade, by which the people and the nation are made to suffer for it and to pay blackmail in order to get it, you should demand a repeal of those

THE GRANGE SALE.

Nearly \$4000 Worth of Stock Sold--Not the Usual Crowd.

Owing to the rain in the early morning, the usual great crowd did not attend the sale at Church Hill Grange Friday. The crowd probably did not exceed 400 or 500, but the sale was one of the best held in recent years. About 220 head of cattle were sold and the sales aggregated close on to \$4000. Mr. J. R. Caudle acted as auctioneer. The usual elegant dinner was spread for all present and although the weather threatened to be inclement, there was no rain after the sale began about 11 o'clock. The official report of the sale appears below:

CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Pastor Resigns--Two Narrow Escapes--Big Cattle Deal--Mrs. Day Dead--Delayed Must Serve--Jim Crow Cars.

Two Great Speeches.

If there are any Democrats in Christian county who have been misled by the vicious goldbug literature so energetically circulated during the last ten days, we commend to them the two great speeches we publish today. The address by Gov. Algehead, printed at his own expense and sent to Kentucky as an answer to Secretary Carlisle's recent speech in defense of the administration, is an exhaustive treatise on the question and should be filed away for the historical information that the ablest men of the past as well as the great leaders of the present have been advocates of bimetallism, and that the Democratic party has always been committed to that policy. He exposes the false claim that the per capita in this county is \$26 and proves by official reports that it is but little more than half that amount. The speech is long, but it will well repay a careful perusal by those in search of the truth. The other speech, delivered by Mr. J. H. Harvey, a well posted man in the country on monetary questions, is a plain, businesslike discussion of the currency question as it affects the people. It is truthful, convincing and entertaining and completely answers the fallacious statements of the goldbug fence, as Aldredge, Patterson and others who have suddenly changed their own convictions and are trying to induce Democrats to forsake their principles of a life time. Read both of these speeches and show them to your neighbors and then make up your minds to attend the convention Saturday and help to sustain the right. **SILVER MUST BE RESTORED.**

Into Deep Water.

While enroute to the Grange sale Friday Dr. Jno. P. Bell drove into an open culvert near W. W. West's, that had been washed away by the heavy rains. The water was about fifteen feet deep. Dr. Bell, who was alone, happened to find himself and horse struggling in the water. Dr. Bell quickly threw off his heavier clothing and, assisted by a neighbor, managed to swim out, but his horse, which was on the point of being drowned, Dr. Bell being an expert swimmer was not in danger of losing his life. Mr. May lost his McIntosh, which was swept away during the excitement.

Eld. J. W. Mitchell Resigns.

Eld. J. W. Mitchell, pastor of the Christian church, tendered his resignation Sunday, to take effect in three months. Eld. Mitchell has been pastor of the church for four years and has been very popular with his congregation. The resignation was a complete surprise. The best of feeling existed between the pastor and his members and Eld. Mitchell gave no reason except to state that he thought it best for a minister not to remain too long in the same place. The resignation will likely be accepted.

Another Stand-off.

Henderson won Thursday's game of ball at the Athletic park, in this city, by a score of 8 to 4. Friday's game, however, reversed the order of things and Hopkinsville won by 8 to 4. Madisonville played our local team yesterday and will play again here today. The game today is expected to be especially good, as both teams are in fine trim and the crowd will likely be the largest that has witnessed the sport this season.

Deaths of Mrs. C. M. Day.

Crofton, May 25--Mrs. Lucy E. Day, wife of Mr. C. M. Day, L. & N. agent at Crofton, died yesterday afternoon of congestion of the brain and lungs, after an illness of several days. Mrs. Day had been night operator for the L. & N. for several years and was a valuable employee.

She was 40 years old and leaves a husband and two little daughters. The funeral took place this afternoon, Rev. Miss Cratz, a spiritualist, officiating, conducting the service. The remains were buried in Crofton Cemetery.

A Close Call.

During the thunder storm Friday morning, lightning struck two large forest trees in Mr. M. V. Owen's front lawn, near the city, within a few feet of his house. One of the trees was blasted and stripped of its bark to the ground, the other being only split. The stock was frightened and the occupants of the dwelling close by had a very narrow escape.

THE LYONS QUINET.

There Promises to be a Suit for the Work of Controlling and for Embezzling the Babies.

Undertaker Nance still has charge of the Lyons babies and declines to surrender them either to Dr. Matthews, of Mayfield, or the father of the quinetette unless they pay \$500 for the embalming. He will bury the babies and furnish a coffin, and make no charge. If, however, afterward the remains are taken up, he will prefer the charge of grave robbery. Dr. Matthews claims he has secured the privilege of taking the remains of the babies to the Tennessee centennial at Nashville for exhibition. If they are to be exhibited over the country Undertaker Nance wants \$500 for his work before they go out of his possession. The relatives and parents of the quinet, it is said, are willing for Undertaker Nance to keep possession of them. Dr. Matthews was in the city yesterday afternoon and is still in the city. He intends to secure a writ of delivery. Undertaker Nance has an attorney who is advising him. If the writ of delivery is granted it is probable that it will be this afternoon. Mr. Nance will execute bond and still retain possession of the babies.

This forenoon he proposed to permit the babies to go to Nash. In his possession provided that Dr. Matthews and Mr. Lyon would agree to accept the custody of the procedure from the exhibit and to pay the main the other third. Dr. Matthews would not agree to the proposition and now Mr. Nance has no other recourse. He means to hold them, unless they are at once buried, until his bill of \$500 is paid. No one is now permitted to see the remains of the babies--Paducah News.

Judge D. G. Park, of Mayfield, as attorney for Dr. Matthews and Oscar Lyons, of Graves county, arrived in this city yesterday afternoon to confer with undertaker Nance regarding the remains of the quinet. Although the matter is not yet definitely settled, it is probable that Mr. Nance will agree to accept \$500 for embalming the dead quinetette, instead of \$500 which was the price he set at first. No arrangements have been made for visiting the infants--Paducah Visitor.

No Niagara Trip in Store.

At a meeting of the Executive Committee of The Kentucky Press Association, held at the Galt House, in Louisville, yesterday, it was decided to accept the invitation of the South-western Publishing Co. to visit Cumberland Island, an ocean resort on the coast of Georgia adjacent to Brunswick. The Association will leave Georgetown this morning or evening, on June 26th, arriving at Brunswick the following evening and thence by boat to Cumberland Island, which, it is understood, is a most delightful place, offering besides an opportunity to take a plunge in the surf and enjoy the exhilarating effects of a sea bath, many very attractive for the entertainment and pleasure of visitors. The Committee have about completed the program for the meeting at Cumberland Island, and will give out for publication as soon as the details are arranged. Everything points to a large attendance and most enjoyable time--Daily Advocate.

Oldest Man in the World.

New Brunswick, N. J., May 23--Noah Raby, the oldest man in the world, is lying on his bed at the poor farm, three miles from this city, awaiting death.

On April 1 the old man celebrated his 124 birthday. Several weeks ago he was taken ill. He has sunk steadily, until his death is looked for at any time. Raby was born April 1, 1772, and up to his recent illness has always been in excellent health. There is evidence to show that his age is correct.

Gen. Echols Dead.

Stanton, Va., May 24--Gen. John Echols died here to-night at 8 o'clock at the home of his son, Senator Edward Echols, succeeded by his wife and his two children, Senator Echols and Mrs. Erskine Miller.

Gen. Echols was 73 years old and had been prominent in railroad circles for many years. He had a brilliant record in the Confederate army. Decided Against Delany.

Frankfort, May 22--The Court of Appeals this morning affirmed the judgment of the Union Circuit Court in the case of the Commonwealth against George Delany, sentenced to six years in the penitentiary for participating in the celebrated Abbie Oliver murder.

Coin to Talk in Kentucky.

Lexington, Ky., May 22--The managers of the Chautauque have arranged for a debate here between the Hon. R. G. Hore and W. H. Harvey, be of the State of Ohio, on July 4. The money question will be the subject of the debate.

The Louisville Post threw up the sponge Friday and admitted that the people will win the fight over the "money grabbers" in this week's fight in Kentucky. The Post dies hard, but the fact can no longer be concealed that the silver tide is sweeping all before it in the present contest. Even the disfranchisement act of the country vote will not save the goldbugs from the defeat that awaits them. The true Democrats in the cities will rally to the standard of bimetalism and help the people administer a crushing blow to those who are trying to deliver the party bound and gagged into the camp of the Shermanites. Kentucky will go for free silver and there will be no further talk of monometalism as a doctrine of the Kentucky Democracy. The people may be fooled sometimes, but they have their eyes open now and they propose to settle the money question while they are at it. SILVER MUST BE RESTORED.

The goldbugs at Washington are in the hottest kind of water and the bimetalists in Congress are forcing the fighting in a manner that is alarming the bond money men all over the country. Secretary Carlisle is being investigated in a most vigorous manner and the Senate will this week pass a bill prohibiting the further issue of bonds without authority from Congress. Of course this bill will be vetoed by the President, but he will understand what the people think of his conduct, and to further emphasize this bitter feeling against President Cleveland resolutions of formal impeachment have been offered in the House by Howard of Alabama.

The Louisville Post published this surprising information, from which it seems the silver forces will capture nearly one-third of the Louisville vote:

"The free-silver people are losing no time, and are actively at work in this city. They are very shy, and it looks as if they had already captured the twenty-eight votes of the eleventh and twelfth wards, where the sound money men have allowed some leaders to arrange matters favorably to the white metal men.

It is hoped the meeting this afternoon will develop a spirit that will have the whole Fifth district to sound money, but unless very hard work is done a large part of the city's vote will go to the silver faction."

And this:

"The free silver men of Louisville announce their intention of capturing the Fourth and Fifth wards.

It is said that the free silver forces are preparing to organize in all parts of the city.

If you are a true Democrat and patriotic citizen make up your mind to

devote next Saturday to your party and your country. No matter what you may be doing, drop your plow, your hammer or your business and come to the mass convention and vote to keep Democracy in the beaten path of bimetalism, traveled by the great leaders of the party for a hundred years. There is one single standard party in this country and there is no room for another. Shermanism was wrong 23 years ago and it is wrong to-day. SILVER MUST BE RESTORED.

The silver men of South Dakota who were flimflammed out of the delegation last week by agents of the administration who secured proxies from silver delegates who did not attend, are preparing to send a contesting delegation to Chicago.

Joshua Patterson stumped Missouri for gold and the returned home and stumped Tennessee, and that State went the same way by 918 to 20. Stay with us, Josiah, stay with us, and if possible come to Hopkinsville.

The instructed vote now stand 194 for free coinage and 174 for gold. This counts for gold 10 silver votes in Michigan based on the unit rule, Kentucky June 3 and Virginia June 4 are the next States to act.

The Livingston Banner, published at Smithland, Congressman Hendrick's home, by R. D. Reed is whoring up things for Stone and Silver. Mr. Hendrick seems to have thrown away all chance he ever had to succeed himself.

Mr. Montelle Gause has sold the Guthrie Vilde to Mr. L. W. Gaines, of the Elkton Progress. The Vilde is just completing its fourth year and is a very new and creditable paper for a small town.

Hon. Jas. F. Clay made a stirring silver speech in Henderson Saturday to the country people. Henderson county is strong for bimetalism.

Hon. Henry D. Allen is leading the fight for silver in Union county and that county at one time considered doubtful is now safe for bimetalism.

Congressman Patterson, who is making speeches in the Blue grass counties, refuses to divide time with Hon. Jno. B. Thompson, who is following him up and replying to him at night.

Mr. Ed. R. Settle, of this city, has gone to Princeton to become the editor and manager of the Caldwell County News.

A test vote on the anti-bond bill in the Senate was taken Friday and only five Democrats voted to sustain the President. Lindsay was one of them.

Fifty county conventions have been held in Illinois and only one of them has instructed for a gold standard.

An article of great contemporary interest in Scribner's for June is present condition of affairs in the most crucial point in all European politics—the Balkan Peninsula, where a half-dozen little Principalities are the buffer between the great Powers of Europe. A few months ago Mr. Norman made a visit to this region, and this article is the first presentation of the impressions that he gathered from Roumania, Servia, Bosnia, Herzegovina, Bulgaria, and Montenegro. The crisis brought about by American questions is of course intimately related to affairs in the Balkans, and Mr. Norman's article is a clear presentation of the exact situation of the Balkan question as it appears at the present moment to a trained observer. Abundant illustrations of the picturesque scenes visited are made from Mr. Norman's own photographs.

The Situation Reviewed.

(Louisville Critic.)

On next Saturday, mass conventions will be held in every county in Kentucky to elect delegates to the Democratic State Convention. Two weeks ago, the critics believed that the factions would carry five districts, with the remaining district leaning toward the gold standard. To-day, there does not seem to be a doubt that free silver will sweep the State, and will carry at least seven out of the eleven districts. Despatches from the various counties show that the free silver men are well organized, and that the gold men are rattled and beaten. If further proof of the dismay that has struck the followers of Carlisle were wanted, it can be found in the hysterical appeals of the Courier-Journal to its gold friends to stand firm, and the anarchical appeals of the Post upon the silver men. Both of these papers realize that settling day has come for the bolters in Kentucky, but no amount of editorial writing can change the result.

The Post has been throwing into such a frenzy over the certain loss of the State that, on Friday, it attacked the State and Lindsay and McCleary, its political idols, for not coming to Kentucky to stem the free silver flood.

The Post, like a great many other short-sighted politicians, believes that the endorsement of the Chicago platform by the last State Convention was a gold standard victory, when in reality it was a caucus victory for the friends of Wat Hardin, who were more anxious to secure his nomination than they were to get into a quarrel over the action of the majority in that convention were for free silver, but they were not in a position to stand up for their principles. In the Lexington gathering, the case was entirely different. No man's personal ambition will stand in the way of a frank utterance upon the subject. The cowardly action of a handful of gold men, who bolted the caucus nomination for Senator, has had its effect upon the people of the State, who have not graduated from the school of politics where a man can promise one thing before an election and do another thing after he is in office. The silver men are determined to catch these cowards and deserters on the rack, and they are going to pay John G. Carlisle back in his own coin for his betrayal of his party. All along the gold men have charged that the silver men would bolt the State Convention unless they controlled it. With the free silver men in the majority it will be interesting to observe the course of the gold bugs.

Judgment Rendered.

Williamsburg, Ky. May 23.—Judgment was rendered in the circuit court yesterday for \$4,000 against the Louisville and Nashville Railroad Company for failing to keep its ticket office open at night and to provide a comfortable waiting room for its passengers. The judgment embraces 400 alleged violations, and the jury assessed \$10 for each offense. An appeal will be taken by the company.

Annuling the Constitution.

Frankfort, Ky. May 23.—The benevolent institutions of the State win. In the Court of Appeals this morning, the whole court sitting, Judge Hazlett handed down a half dozen opinions, some reversing, some affirming, but all being in favor of the big institutions which claim exemption.

Jumped From a Train.

Sam Smith, who was being brought back from Texas to answer a charge of attempted rape at Dixon, Webster county, escaped from the officers having him in charge by jumping from the window of an express train near Nashville, Tenn. He was soon re-captured, however, unhurt, and the journey was resumed.

SEPARATE COACHES.

Held to be Constitutional by U. S. Supreme Court.

Washington, May 18.—The Supreme Court of the United States decided today, in what is known as the "Jim Crow" case of Plessy vs. Ferguson, that the statute of the State of Louisiana requiring railroad companies to supply separate coaches for white and colored persons, is constitutional, affirming the decision of the court below. Justice Brown delivered the opinion.

Justice Harlan dissented.

A similar case from Kentucky is now in the United States Court of Appeals, having been taken up from the Federal Circuit Court of the Kentucky district, in which Judge Barr held that the law was unconstitutional.

Six More Votes for Silver.

Laamie, Wyo., May 21.—The Wyoming Democratic State Convention held here today was harmonious.

With a platform of only one plank, not much time was lost in the proceedings. The platform is as follows:

"It is resolved that we, the Democracy of Wyoming, demand the free and unlimited coinage of silver and gold as primary redemption money at the ratio of 16 to 1, without waiting for the action of any other Government."

The delegates to Chicago are Ex-Gov. John E. Osborne, Carson county; Robt. Foote, Johnson county; G. W. Brall, Albany county; John Dyer, Laramie county; M. L. Blake, Sheridan county, and J. W. Sammon, Uniontown county.

President Cleveland made of President Cleveland or his Administration and no choice of candidates for the Presidency was expressed or discussed by the convention.

Tennessee Centennial.

On account of the inaugural ceremonies of the Tennessee Centennial at Nashville, Tenn., June 1, the L. & N. will run special trains, and tickets

Children should be happy and plump. A child of seven should not be thin and pale, with the aged look of twenty. No aches; no whines; no house-plant. Running, jumping, laughing. Children should grow in weight and strength; eat heartily and show plump cheeks.

Scott's Emulsion of Cod-liver Oil with Hypophosphites fills out the sunken cheeks and gives color to the lips. It furnishes material for the growth of bone, and food for the brain and nerves. It lays a strong foundation for future growth and development.

SCOTT'S EMULSION has been analyzed by the medical profession for twenty years. Ask your Doctor. This is because it is a natural food—rich in oil and phosphorus, contains the purest Cod-liver Oil, and is easily assimilated. It is a tonic and a cure for all ailments. The small size only is enough to cure your cough in half your time.

No Excursion to Old Point This Summer.

On account of the ruling of the Eastern Trunk Line Association, no club excursion rates to any of the Eastern resorts will be permitted this summer. This announcement will be received with regret by those who have gone to Old Point every summer, and enjoyed this most pleasant outing. The only cheap rate East will be to the Christian Endeavor, which meets in Washington in July. The rate will be one fare, and tickets will be on sale from 4th to 31st of July, good returning until July 15th, with the privilege of having tickets extended until July 31st. Those who desire to go on the Endeavor trip should begin to make their arrangements. Any information will be furnished by Mr. T. E. Bartley or W. A. Wilgus.

Ex-President Harrison's articles have proven such an enormous success with the Ladies Home Journal, adding over 100,000 to the circulation of the magazine, that the series will be extended beyond the original limit. The ex-President has now reached the treatment of "The President's official Family" in his series, describing the relation which each Cabinet member holds to the President. Then he will show "How the Senate works" and "How Congress Legislates"—each in a separate article.

Marshal Menner Marries.

Herndon, May 25.—Mr. David Menner, town marshal of Dawson, and Miss Ora Brown, the pretty daughter of Mr. T. B. Brown, of near here, were married this afternoon by Rev. Love, of Lafayette. The couple will leave tomorrow for their Hopkins county home.

Gen. Fairchild Dead.

Milwaukee, Wis. May 23.—Ex-Gov. Lucius Fairchild, ex-Commander in Chief of the G. A. R., died to-night at Madison.

LIVESTOCK MARKET.

Reported by TATUM, KERRY & CO., LIVESTOCK COMMISSIONERS, MERCHANTS, BORDEN STOCK YARDS.

CATTLE.—Receipts for the week 1298 and 247 calves. Shipments 306. The receipts have been light since Wednesday, and there has been but little change in the market. The trading very slow, and no quotable change in prices. At the close today the pens were fairly cleared, but the outlook is not very flattering, as the demand seems to be very limited.

"Rich folks rides in Chaises,
Poor folks walks to places."

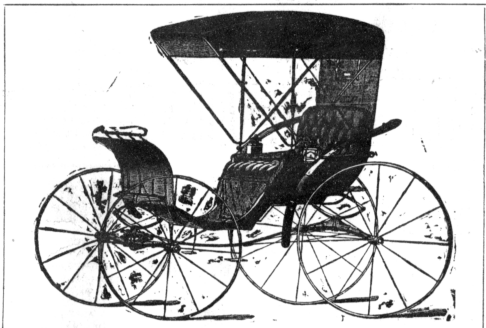

The foregoing is another of those old saws that have played out. At the prices now ruling

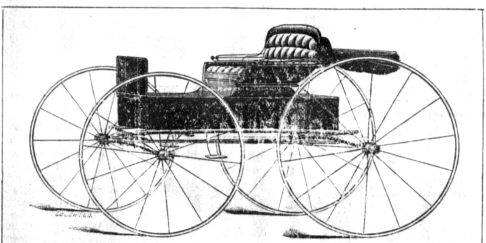

ing on both horses and carriages the rich and the poor, the high and the low can ride. One has only to be judicious and careful as to

Quality

and he can well afford to buy a buggy in this good year of 1896. If you want THE BEST we

have it. If you want the cheapest we have that. In both cases you get the best for your money. If you want a narrow dutch affair that will bring you and your best girl in closer relations we can sell you one. If you are the

father of a family and want a carriage that packs four times we have that. You are sure to find what you want in our repository and at prices you can afford to pay. Come and let us show you through our stock.

A Miracle in Missouri.

CRIPPLED AND BENT FOR TEN YEARS WITH RHEUMATISM.

The Case Happened in Panama, Mo., and is the Wonder of the State.

For years one of the best known men in Bates and Vernon counties has been Mark W. Woodson, now proprietor at Panama, and brother of ex-state legislator of Minn., C. C. Woodson, of that city. The people of Rich Hill, where he formerly resided, and of his present home, remember well the bent man, who was almost from the semblance of man, which has painfully bowed his head half to earth and labored small-like across the public season after season, and when one day last month he straightened to his full height, threw away his cane, and stood erect, which for years had been his only support from total helplessness, and walked erect, firmly, unhesitatingly, and the two cities people looked and wondered. The story of the remarkable case has become the marvel of the two counties. Exactly as Mr. Woodson told it to a Times reporter, it is here published.

"It is the rheumatism started in my right knee, and after a lingering illness I settled generally in my joints. I was finally able to arise, but for the past five years could only walk with the aid of crutches, and my body was bent half toward the ground. I went to the best dispensary in Kansas City, where I was treated for six weeks, and without the slightest good. I then tried a strong caloric battery, but the same result. I then went to the City Hospital at St. Louis, where the best physicians treated me—including Dr. K. and M. (Mull)—but without result, and I came home, weak, doubled with pain and depression. "About this time my attention was called to the account of a remarkable cure by Dr. Williams' Pink Pills for Pale People, leucorrhea, rheumatism and paralysis. I ordered some of the pills, and to my surprise, when I began to take them, the rheumatism had developed into a phase of paralysis; my leg from the thigh down was cold all the time and could not be kept warm. In a short time I was able to attend to my office duties, and I could enjoy a sound and restful night's sleep, something I had not known for ten years. Today am practically, and I firmly believe, permanently cured of my terrible and agonizing ailment. No magician of the Far East ever wrought the miracle with his wand that Dr. Williams' Pink Pills did for me. "To verify the story beyond all question of doubt Mr. Woodson made affidavit to the above. "Subscribed and sworn to before me this 24 day of March, 1910. LOUIS D. MOORE, Notary Public. Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 60c. per box, or six boxes for \$2.50.

ICE-BOUND IN SALT LAKE.

An Unexpected Happening in Water That Never Freezes.

The large percentage of salt in the great Salt Lake prevents its waters from freezing over, and yet a curious incident was related to me of how a small pleasure steamer got icebound a dozen of years ago off the east of Antelope Island, says the San Francisco Chronicle. An informant was the captain of the cattle boat that makes irregular trips back and forth to carry stock to and from the largest of the Salt Lake islands. I will give the story as nearly as possible in his own words.

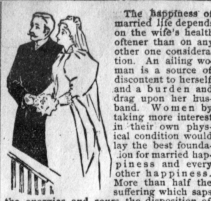

"It was a curious thing that once happened to me" Cap'n Dahls, he began, with a preliminary unding of the knot of his soiled neckerchief. "I wasn't much used to sailing at the time, and the cap'n often took me with him on short trips he made with his small steamer, the Suse. One day he got word that a boat was becalmed off North Antelope. We steamed out to see, and found a sheep boat, bound for Carrington Island. There were three men aboard, an' '200 sheep, an' they'd ben out ten days an' he'd noted an' scarcely any water left. We giv' 'em a fair divide of the grub aboard the steamer, an' takin' 'em in tow, made our way out in the main body of the lake, where we lighted 'em close to Carrington. It was getting late when we started back, an' our op'site Bear River bay we found ourselves in a stream of ice which came down from the swollen rivers that emptied into the lake hereabout. At first it was only provoking to be hindered by broken sheets of ice, but fin'ly it got so we couldn't make no headway. The cap'n said he'd sailed around the world four times an' never was ice-bound before—an' that, too, in a lake that's too salt ever to freeze. He was actin' as engineer, an' at last got so mad that he cussed an' swore an' complained of my steering. "At last we had to give it up, my morning, an' then it wasn't my fault. There was no wind to break up the ice, an' it kep' closing 'bout us till we could see nothing but it on all sides. The cap'n's temper got worse when the 'bacoon' was all gone, an' he growled out: 'Ketch me ever going to sea again with a green hand for crew!' I was pretty riled an' said something back 'bout a fool of a cap'n who thought himself a sailor. 'You're a fool, too, you're a fool,' he said, 'but I'll always be your friend, but after that neither of us spoke more'n we 'bliged to all that day an' the next night. When the second morning came an' we saw it was still calm, we got reckless an' piled in the wood till we got up steam, an' commenced bucking ice at a great rate. We saw the glassy sheets give way to right an' left, an' finally we were clear of it, so we could go right ahead. It was Sunday morning an' the sea an' mountains looked so bright an' peaced that I saw the pucker in the cap'n's forehead smooth out an' he commenced to whistle soft an' ole hymn tune we both known. I struck in where the line repeats, an' when we'd ended up he said: 'Say, Duffy, you don't mind my havin' ben ship with you in that blamed ice, do ye?' I up an' slapped him on the back an' answered, hearty like: 'Cap'n Dahls, I never served under a better cap'n than yourself. "We took hands 'n' his big eyes was at his husky when he blurted out: "Say nothing 'bout it, my boy. I'm certain, sure I never had a more able seaman than you've showed to be!"

A Letter's Wanderings.

There arrived in Chicago of the recent mails to France with the postmark of the French government on the envelope and addressed to Moses Achille, Ruelle, Interpreter de Commerce, Vorges, France. How that letter got to America or passed the New York post office after it got there is a mystery that will never be solved. All foreign mail must go through the New York office, where it is stamped, but the letter in question bore no evidence that the postal clerks of the metropolis ever set eyes on this particular missive. The letter was returned to New York by the clerks in the Chippewa Falls post office, and it will undoubtedly then be forwarded to its proper address in the sunny republic—Milwaukee Wisconsin.

Paying Philanthropy.

Charles H. Patterson, a manufacturer of Dayton, O., speaking in New York recently, told how he had made money by being kind to his employees. "I, 1,000 girls. He started a school to teach them how to work more intelligently, gave them five minutes for rest and calisthenics morning and evening, put a stove and colored woman in each department and served coffee and soup free started a laundry to save them the trouble of taking their aprons home to wash, bought 1,000 aprons for them, fitted up a room with a cot and medicine chest, and says it all paid—the best of girls—more expert in the work, and they work willingly and well.

The happiness of married life depends on the wife's health. It is often that on any other one consideration. An ailing woman is a source of disappointment to herself and a burden and drag upon her husband. Women by taking more interest in their own physical condition would lay the best foundation for married happiness and every other happiness. More than half the suffering which afflicts the energies and sours the disposition of women is directly traceable to some disorder of the organs distinctly feminine. There is no real need of such troubles; they are invariably cured by Dr. Pierce's Favorite Prescription, which reaches and strengthens the internal generative organs as no other treatment can possibly do. By restoring health and strength to this most important part of the feminine constitution, the "Favorite Prescription" gives new tone and energy to all the rest of the body.

One of the most deeply interesting and truly accurate books ever written is the "People's Common Sense Medical Adviser," by Dr. R. V. Pierce, Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. This splendid volume of 1000 pages includes simple pages on the subject of diseases peculiar to women, with directions for home treatment, rendering unnecessary the embarrassing "examinations," and generally sound "local treatment," as decreed by modest women. The book contains the most comprehensive explanation of human physiology and the rational principles of hygiene ever published. Illustrated with over 500 engravings—a complete medical library in one volume. No other medical book in the English language ever had such an enormous sale. 650,000 copies were sold at \$1.00 each. Dr. Pierce is now distributing a new free edition of half a million copies. A copy will be sent absolutely free to anyone who will send to the World's Dispensary Medical Association, Buffalo, N. Y., at once—stamp to pay cost of mailing only. The present edition is in exactly the same as that sold at \$1.00 except only that it is bound in strong durable paper covers instead of cloth.

Dr. Kolkow in Nashville. Regular Graduate and Registered Physician. Formerly Assistant Surgeon U. S. Navy, after Surgeon U. S. Army, and later Surgeon British Marine service, with 10 years experience as physician at sea. Surgeon. Endorsed by the "Knows opedia Britannica" as the "largest and most important work in the world," being in twenty-five volumes, each the size of a large dictionary. He is noted as the discoverer of the secret of the human mind, and the secrets of the face and mind. Cures cancer, syphilis, lost manhood, and venereal debility. The doctor has been over the world and has made many names up by other physicians. Vendome Building.

DISEASES OF THE SKIN.

The intense itching and smarting incident to eczema, tetter, salt-rheum, and other diseases of the skin is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very cases have been permanently cured by it. It is equally effective for itching piles and a favorite remedy for sore nipples, chapped hands, chaps, frost bites, and chronic sore eyes. For sale by druggists at 25 cents per box.

Try Dr. Cady's Condition Powders, they are just what a home needs when in bad condition. Tonic, blood purifier and verminicide. Sold by R. C. Hardwick, druggist.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by R. C. Hardwick, Druggist.

The meeting of the Seventh district order of the State Medical Association is to be held in Frankfort on May 29.

Mr. D. P. Davis, a prominent lawyer and merchant at Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will cure that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The application of Chamberlain's Pain Balm eased the pain and the use of one bottle completely cured him. For sale by R. C. Hardwick Druggist.

Ragsdale, Cooper & Co., now have one wing of their new warehouse on Elm street ready for tobacco. They began storing last week and from now on will have no scarcity of room. The additions to the new house will make the entire house cover 180x180 feet. It occupies three lots, the deed for the two lots in dispute having been delivered last week. Its capacity is 1,200 hogheads. The location is an ideal one, on Elm street in the rear of the Jessup property. The firm now has a floor space of two and one half acres, and a capacity for 5,000 hogheads.

MATRIMONIAL.

Arthur Mason and Mrs. Sarah White, of Montgomery county, Tenn., were married a few days ago, near Glencliff. The groom is 22, while the bride is 45.

Miss Nellie Fox and Mr. Thomas Clardy, well-known young people of the Howell neighborhood, will be married on Wednesday June 3, at the residence of Mr. W. G. Fox, the bride's brother.

Miss Nannie Barbour, of this city, will be married on June 3 to Mr. Timothy F. McCarthy, a prominent business man of Colorado. The ceremony will be performed at the bride's home on South Main St.

Mr. Walter J. Dulin, of Madisonville, and Miss Lucie Beaumont, of Debo, were married in the city of Louisville last Wednesday. These young people left Madisonville Sunday afternoon ostensibly for a trip to Cincinnati, but before leaving they confided to a few of their friends that they would return as husband and wife. They will be at home to their friends after June 4th.

The engagement of Arthur Wallace and Miss Margaret Barbour Taylor was announced. They will be married Wednesday, June 10, at six o'clock, at the Second Presbyterian Church. Miss Taylor is the daughter of Col. Hargrett Taylor, the real estate man, and is a most charming young woman. Mr. Wallace is Assistant U. S. District Attorney, and one of the best known men in public life in Kentucky. As a member of the Legislature he was famous as the author of the Wallace law. In every public and private station he has shown himself to be a man of ability and high character, and his latest evidence of good taste and good judgment will meet the approval of all his friends.—Louisville Courier.

HANNEY-TERRY.—Mr. Oscar Hanney and Miss Bell Terry were married in this city last Thursday evening. Rev. C. H. Nash officiating. The event took place at the home of Mr. K. L. Terry, father of the bride. Immediately after the ceremony the couple left for the home of Mr. John Hanney, father of the groom, near Church Hill, where an elegant reception was tendered them.

DELIN BEAUMONT.—Mr. W. L. Dulin, a young dry goods merchant of Madisonville, and Miss Lucie Beaumont, a very popular young lady of the Newburg neighborhood, in Hopkins county, were married last Thursday evening. The ceremony was said at the residence of Mr. W. F. Gordon, in Louisville. Mr. Dulin and his bride are spending a few days at French Lick Springs.

WILLIAMS-CROFT.—Dr. J. E. Williams, a prominent young physician of Morton's Gap, and Miss Fairleigh Croft, the only daughter of Mr. Bradley Croft, a well-known farmer and tobacco dealer of Crofton, were united in marriage on Monday a. m., yesterday, Elder W. B. Wright, of Trenton, officiating.

The groom is one of Hopkins county's most promising young physicians and is well known in the community. His bride is a highly accomplished young lady and exceedingly popular with all who know her.

Shortly after the ceremony had been performed the couple left for their home at Morton's Gap, carrying with them the best wishes of a large circle of friends.

TOBACCO NEWS.

(Reported by J. H. Egerton, of Alfred Lewis & Co., Leaf Dealers.)

Hopkinsville, Ky., May 21, '96.
There is no change to note in prices from last week's quotations. The offerings were somewhat lower in quality and there is an overabundance of the low grades of leaf. The demand for such is not so good on this class as heretofore, as the summer seems to have about all they want for the present. Receipts fall off this week on account of farmers being busy pitching the new crop and we believe there has been two thirds of a full crop set already. The rest of the crop will be put out before the present season is over. While there will be a large crop pitched, the farmers, as a rule try to raise a better quality, which is desired by every one.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper dietetic efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only well-informed everywhere, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is a remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase that you have the genuine article, which is manufactured by the California Syrup Co. and only sold by all reputable druggists.
If in the enjoyment of good health, and the system is regular, laxatives of other remedies are then not needed. If afflicted with any actual disease, one may be cautioned to consult the skillful physician, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
